**A. Comprehension - Read this paragraph and answer the questions below.**

Every weekend Rini helped her mom and dad with housework. To reward her for her help, Rini's father gave her five dollars every week. Out of this, she saved three dollars in her piggy bank. She had saved over one hundred dollars over the last year. She wanted to buy nice birthday and Christmas gifts for her family with that money.

It was her mom's birthday next week. She told her dad she wanted to buy her mom a special gift. Her dad said he would take her shopping. Rini went to her room and opened up her piggy bank. She took out fifty dollars from it. She put the money in her pocket and went to the mall with her parents.

In the mall, while her parents were busy buying clothes for her, Rini quietly slipped into a cosmetics store. She found a nice smelling perfume. It was in a round bottle with a large black cap. She knew that her mom would love to wear it. She had seen the same perfume on her mom's dresser. She quickly paid for it. She also bought a roll of wrapping paper. Then she returned to her parents.

The same night, Rini gift-wrapped the bottle of perfume and placed it near her mom's pillow. When her mom woke up the next morning, she smelled something good. When she opened her gift, she was touched by Rini's gesture. She thanked her daughter and gave her a big hug.

1. How did Rini earn her money?

---

---
